

Cedrus Investments' Annual Global Investor Conference to Be Held in Hong Kong on May 16 – 17 2012

***“Emerging Technology: Shaping the Future of Natural Resources,
Healthcare and Energy”***

November 02, 2011 11:01 AM Eastern Daylight Time

HONG KONG--([BUSINESS WIRE](#))--Cedrus Investments, a global boutique investment firm, announced today that its annual global investor conference will be held on May 16 – 17, 2012 in Hong Kong.

This invitation-only conference will bring together a diverse, international pool of investors and chief executives of the leading companies in the **Natural Resources, Energy and Healthcare** industries. Institutional investors, venture capitalists, private equity firms, sophisticated private investors and industry executives will be amongst the invitees.

The three-track program features: company presentations, one-on-one meetings organized by Cedrus Investments, keynote presentations, networking and sector-specific panel discussions with relevant thought leaders discussing trends and the emerging technologies that are shaping the future of these industries. One keynote presentation will look at the impact of **Nanotechnology** on the three featured industries and another one will examine the increasing availability of investment opportunities and movement of capital between the **Greater China region and Middle East North African (MENA) region**.

Cedrus Investments is a boutique global investment services firm specializing in [private wealth management](#), [asset management](#) and [financial advisory services](#) to institutional investors, corporations, family offices, and private clients from around the world.
